The Florida Solar Congress is a **free** public conference that brings together solar supporters from across the state to learn and discuss the current state and future for solar energy in Florida. The day will include presentations about solar technology, energy storage, solar co-ops and policy topics. We will also hold a participatory open forum discussion for all attendees to discuss priorities that solar supporters should focus on in the coming year.

This event is FREE and open to the public. Everyone is welcome to attend!

The inaugural Florida Solar Congress will be hosted by [Solar United Neighbors of Florida](#) and supported by:
