FSU Colloquium Showcases Works By Local Students
The recent Frostburg State University English Colloquium showcased the 17 best written works by students of any major over the previous year as determined through blind readings by a faculty committee. The event provided an opportunity for students to present their work online at www.mdsum.org/mountain-md. It was noted that becoming a member is not a commitment to purchase panels. Once the group is large enough, MD SUN (Maryland Solar United Neighborhoods) will help obtain competitive bids from area installers. Once a company is selected, group members will have an opportunity to purchase solar panels at a discounted rate. The group is a wonderful opportunity to save money and help save our environment by using a renewable energy source, said a presentation organizer.

The regular monthly meeting for the Oakland Mayor and Town Council will be held on Monday, Aug. 1, beginning at 5 p.m. The meeting will conclude with an executive session.

If a chartered bus is taken, vans or private vehicles will be used for transportation. If no cost for transportation. If 10 or more persons are going, a chartered bus will be secured.
