

Prince George's County Solar Co-op RFP

March, 14, 2019

Dear Installer,

Thank you for your interest in our Prince George's County solar co-op! We're excited to issue a Request For Proposal (RFP) on behalf of a group of homeowners in Prince George's County, MD. We've worked closely with community stakeholders and volunteers to recruit interested homeowners for this group.

Some of the homeowners in this co-op may be recipients of the Prince George's County "Transforming Neighborhoods Initiative" Clean Energy Grant.

We wish to notify you of this, and as an addendum to the RFP ask if you will be willing to work with participants who may be recipients?

For more information on the program, please visit:

<https://www.princegeorgescountymd.gov/2869/TNI-Clean-Energy-Grant-Overview>.

We look forward to receiving your submissions!

Best,

Lauren Barchi
Maryland State Director
