

Participatory Open Forum Discussion

Goals of This Session

- 1. Give SUN feedback on what matters to you**
- 2. Reflect on what you learned**
- 3. Discuss how you can put what you learned into action**
- 4. Connect with co-conspirators**

Participatory Open Forum Discussion

Instructions

Timing:

2 minutes for person 1

2 minutes for person 2

2 minutes discussion

Stage 1: Partner Discussion

Find a partner near you

Take turns answering the following questions

1. What is something you learned that you found particularly striking?
2. What are ways that you can expand access to solar energy in your community?
3. What did you not hear enough about today?

Participatory Open Forum Discussion

Instructions

Timing:
5 minutes

Stage 2: Whole Group Share Out

Share something interesting from what you discussed!

Participatory Open Forum Discussion

Instructions

Timing:

20 minutes – discussion

10 minutes – report out

Stage 3: Form Working Groups

Join one of the following 4 groups based on what you want to work on after you leave today:

1. **Policy: Community Solar:** Lobby your state legislators to enable community solar
2. **Policy: Increase the Solar Carve Out:** Raise Pennsylvania's solar goals, increasing the value of our SRECs and encouraging more people to go solar
3. **Solar Tour:** Organize a tour of solar installations in your area as part of the National Solar Tour in October
4. **Solar Festival:** Organize a solar festival or fair in your area to generate excitement about solar

Participatory Open Forum Discussion

Next Steps

We will share the notes from each Working Group to its members via email after the Congress

SUN can support each working group with technical resources, communications tools, and strategic guidance

Before you leave...

**Submit your solar postcard!
(we'll handle postage)**

Thanks to our event supporters:
