Solar United Neighbors of Florida to launched the [Miami Solar Co-op](#). Solar United Neighbors brings homeowners together into a group, or co-op. They provide unbiased, installer-neutral support through each stage of the process of going solar. Their experienced team ensures you understand how solar works, how it can be financed, and how it can be installed on your home.

Co-ops take advantage of the group's bulk-purchasing power to get discounted pricing and a quality installation. Co-op volunteers choose an installer on behalf of the entire group through an open and competitive bidding process. The selected installer provides everyone in the group with a personalized proposal for their consideration; there is no obligation to install. Join the Miami-Dade Solar Co-op today at:
