

Want to help your neighbors Go Solar?

You are invited to
grow solar adoption
with the
PALM BEACH COUNTY SOLAR CO-OP

- Send an email to your community leaders**
- Post on social media (NextDoor, Facebook, etc.)**
- Share the next solar information session**
- Place doorhangers around your neighborhood**

- *A solar ambassador can provide materials such as doorhangers and yard signs (no contact)*
- *Translation and interpretation available upon request*

The Palm Beach County Solar Co-op is free to join, open to all of Palm Beach County, and is not an obligation to purchase solar. Solar United Neighbors is a vendor-neutral nonprofit helping neighbors go solar, together.

Help spread the word about solar!

Sample Email

Solar United Neighbors of Florida, with leadership from local partners, has launched the [Palm Beach County Solar Co-op](#), which is open to all of Palm Beach County. Solar United Neighbors brings homeowners together into a group, or co-op. They provide unbiased, installer-neutral support through each stage of the process of going solar. Their experienced team ensures you understand how solar works, how it can be financed, and how it can be installed on your home.

Co-ops take advantage of the group's bulk-purchasing power to get discounted pricing and a quality installation. Co-op volunteers choose an installer on behalf of the entire group through an open and competitive bidding process. The selected installer provides everyone in the group with a personalized proposal for their consideration; there is no obligation to install. Join the Palm Beach County Solar Co-op today at SolarUnitedNeighbors.org/PalmBeach.
