2. CONNECT WITH 5 FRIENDS!

1. Brainstorm a list of friends
2. Options for connecting:
 - a. **Send them an EMAIL or text with the registration link:**

Template Email:

Hi {{name}},

Solar United Neighbors has launched the Northern Maryland Solar Co-op. SUN brings homeowners together into a group, or co-op. SUN provides unbiased, installer-neutral support through each stage of the process of going solar. Their experienced team ensures you understand how solar works, how it can be financed, and how it can be installed on your home.

Co-ops take advantage of the group's bulk-purchasing power to get discounted pricing and a quality installation. Co-op volunteers choose an installer on behalf of the entire group through an open and competitive bidding process. The selected installer provides everyone in the group with a personalized proposal for their consideration; there is no obligation to install. Join the Northern Maryland Solar Co-op today at: SolarUnitedNeighbors.org/NorthernMD.

- b. **Give them a quick CALL:**

Template Phone Call:

Hey! I am calling because I thought you may be interested in a Northern Maryland Solar Co-op information session. The co-op is free and allows for you to know if your roof qualifies for solar and learn more about going solar. I wanted to see if you would be interested in attending the information session to learn more about it on February 11th at 6:30pm.
