

Go Solar with the Seminole Solar Co-op!

Open to Seminole County and Winter Park residents and businesses.

Solar United Neighbors (SUN) is a national nonprofit helping people go solar, join together, and fight for their energy rights.

Help us spread the word!

- Send an email to your neighborhood
- Post on social media (NextDoor, Facebook, etc.)
- Share the next solar information session
- Place a sign in a lawn, library, or shop window

A solar ambassador can provide materials like flyers and yard signs (no contact).

Help us spread the word!

Sample Email

Solar United Neighbors of Florida has launched the Seminole Solar Co-op. We bring Seminole County and Winter Park homeowners together into a group, or co-op. SUN provides unbiased, installer-neutral support through each stage of the process of going solar. Their experienced team ensures you understand how solar works, how it saves you money on your bills, and how it can be installed on your home. Co-ops take advantage of the group's bulk-purchasing power to get discounted pricing and a quality installation. Co-op volunteers choose an installer on behalf of the entire group through an open and competitive bidding process. The selected installer provides everyone in the group with a personalized proposal for their consideration; there is no obligation to install. Join the Seminole Solar Co-op today at: solarunitedneighbors.org/seminole

Sample Social Media Post

I recently signed-up to be a part of a Seminole Solar Co-op (free membership) with Solar United Neighbors! The close date for the co-op is May 16 and the last information to learn more about going solar is March 16 at 7 p.m. . This session is great to learn more about solar in Florida and going solar! It gives you the personal support to be able to know things like if your roof is equipped for solar, and if you decide to go solar, it allows for discounts by going solar at the group rate. [Here](#) is the Registration link. Hope you can make it!
