

Go Solar with the Pensacola Solar Co-op!

Open to Escambia County homeowners and businesses.

Solar United Neighbors (SUN) is a national nonprofit helping people go solar, join together, and fight for their energy rights.

Help us spread the word!

- Send an email to your neighborhood
- Post on social media (NextDoor, Facebook, etc.)
- Share the next solar information session
- Place a sign in a lawn, library, or shop window

A solar ambassador can provide materials like flyers and yard signs (no contact).

Help us spread the word!

Sample Email

Solar United Neighbors has launched the Pensacola Solar Co-op. They bring Escambia county homeowners together into a group, or co-op. SUN provides unbiased, installer-neutral support through each stage of going solar. Their experienced team helps you understand how solar works, how it saves you money on your bills, and how it can be installed on your home. Co-ops take advantage of the group's bulk-purchasing power to get competitive pricing and a quality installation. Co-op volunteers choose an installer on behalf of the entire group through a competitive bidding process. You'll get a personalized proposal from the selected installer at group rates; there is no obligation to install. Join the Pensacola Solar Co-op today at: SolarUnitedNeighbors.org/Pensacola

Sample Social Media Post

I recently signed-up to be a part of the [Pensacola Solar Co-op](https://SolarUnitedNeighbors.org/Pensacola) (free membership) with Solar United Neighbors! The close date for the group is April 15th and the next information session is coming up. The sessions are great to learn more about rooftop solar in Florida. SUN gives you the personal support to know things like if your roof is a fit for solar and how equipment works. If you decide to go solar, you access competitive rates by going solar at the group rate. Here bit.ly/338gYGT is the Registration link. Hope you can make it!

Sample NextDoor Post

Hey neighbors, let's go solar as a group with the Pensacola Solar Co-op! With the help and expertise of non-profit Solar United Neighbors, co-op members use their bulk purchase power to get great pricing and a quality installation. No cost to join and no obligation to install. Learn more and become a member today at SolarUnitedNeighbors.org/Pensacola
