

Go Solar with the Pinellas 2022 Solar Co-op!

Open to residents and
businesses in Pinellas County.

Solar United Neighbors (SUN) is
a national nonprofit helping
people go solar, join together,
and fight for their energy rights.

Help us spread the word!

- Send an email to your neighborhood
- Post on social media (NextDoor, Facebook, etc.)
- Share the next solar information session
- Place a sign in a lawn, library, or shop window

A solar ambassador can provide materials like
flyers and yard signs (no contact).

Solar United Neighbors of Florida has launched the Pinellas 2022 Solar Co-op. We bring Pinellas county homeowners together into a group, or co-op. SUN provides unbiased, installer-neutral support through each stage of the process of going solar. Their experienced team ensures you understand how solar works, how it saves you money on your bills, and how it can be installed on your home. Co-ops take advantage of the group's bulk-purchasing power to get discounted pricing and a quality installation. Co-op volunteers choose an installer on behalf of the entire group through an open and competitive bidding process. The selected installer provides everyone in the group with a personalized proposal for their consideration; there is no obligation to install. I recently signed-up to be a part of a Pinellas 2022 Solar Co-op (free membership) with Solar United Neighbors! The next information session to learn more about going solar is September 15 at 6 p.m. This session is great to learn more about solar in Florida and going solar! It gives you the personal support to be able to know things like if your roof is equipped for solar, and if you decide to go solar, it allows for discounts by going solar at the group rate. Here bit.ly/FLSUNsept15 is the Registration link. Hope you can make it!
