Solar United Neighbors of Florida has launched the [Miami-Dade 2023 Solar Co-op](#). We bring Miami-Dade county homeowners together into a group, or co-op. SUN provides unbiased, installer-neutral support through each stage of the process of going solar. Their experienced team ensures you understand how solar works, how it saves you money on your bills, and how it can be installed on your home. Co-ops take advantage of the group's bulk-purchasing power to get discounted pricing and a quality installation. Co-op volunteers choose an installer on behalf of the entire group through an open and competitive bidding process. The selected installer provides everyone in the group with a personalized proposal for their consideration; there is no obligation to install.

## Sample Social Media Post

I recently signed-up to be a part of a Miami-Dade 2023 Solar Co-op (free membership) with @SolarUnitedNeighbors! Check out a Solar 101 to learn more about solar in Florida and going solar! It gives you the personal support to be able to know things like if your roof is equipped for solar, and if you decide to go solar, it allows for discounts by going solar at the group rate. Find upcoming events + register at: [SolarUnitedNeighbors.org/Miami/Events](#). Hope you can make it!
